PROFESSIONAL SUMMARY

Recent Computer and Data Science graduate with a strong foundation in Machine Learning, Artificial Intelligence, Data Science, and Backend Development. Experienced in developing AI-powered applications, predictive models, and recommendation systems using Python, FastAPI, React, and SQL. Passionate about building scalable, data-driven solutions and continuously learning emerging AI technologies.

EDUCATION

Alexandria University

Bachelor of Computer and Data Science

Cumulative GPA: 3.43/4.0 Sept, 2022- Jul 2026

TECHNICAL SKILLS

Programming: Python, SQL, Java, C

Machine Learning & AI: Scikit-learn, TensorFlow, PyTorch, Keras, Deep Learning, Recommendation Systems, Feature Engineering, Model Evaluation, Prediction System.

Data Science: Pandas, NumPy, Data Analysis, Data Cleaning, Data Preprocessing, EDA, Statistics, Data Visualization

Backend: FastAPI, REST APIs, JWT Authentication, Redis

Databases: MySQL, MongoDB, PostgreSQL, SQLAlchemy

Big Data: Apache Hadoop, HDFS, Apache Kafka, Apache Spark

Tools: Git, GitHub, VS Code, Jupyter Notebook, Postman, Docker

Soft Skills

Problem Solving • Analytical Thinking • Team Collaboration • Communication • Critical Thinking • Continuous Learning

PROJECTS

1. Property Hub AI (Graduation Project)

AI-Powered Real Estate Platform

Developed a full-stack AI-powered real estate platform featuring a hybrid recommendation system, property price prediction, and interactive analytics using React, FastAPI, MySQL, and Machine Learning. 🐱

2. Traffic Analytics

Big Data Analytics Platform

Built a Big Data traffic analytics system to process and analyze large-scale traffic datasets using Apache Spark and Hadoop, providing insights through interactive dashboards and visualizations. 🐱

3. Customer Churn Prediction

Machine Learning Prediction System

Developed a machine learning model to predict customer churn by analyzing customer behavior, performing feature engineering, and evaluating multiple classification algorithms to improve prediction accuracy. 🐱

PROFESSIONAL DEVELOPMENT

- Machine Learning Training — National Telecommunication Institute (NTI)
- AI & Machine Learning Summer Training — MAIM Company
- Fundamentals of Deep Learning — NVIDIA
- Introduction to Data Science — CISCO
- Computer Networks Training — Abu Qir Electricity Distribution Company
- IoT Summer Training — Faculty of Computers and Data Science
